**OFFICE OF EMERGENCY MANAGEMENT
REGULATION, EVALUATION AND TECHNICAL SUPPORT**

REQUEST FOR OFFER: PR-OLEM-##-#####
TASK ORDER TITLE: **Response Support Corp**

TASK ORDER STATEMENT OF WORK

I. BACKGROUND

In September 2003, the Administrator established the Response Support Corps (RSC) as part of the implementation of the agency-wide National Approach to Response (NAR). The response to the World Trade Center and Pentagon terrorist attacks, anthrax incidents, and the Columbia Space Shuttle accident made it evident that significant additional resources are needed to augment EPA's primary emergency response staff, the On-Scene Coordinators, in order for EPA's emergency response program to be successful. In 2005, over 1600 EPA employees were deployed to the Gulf Coast to assist in the response to Hurricanes Katrina and Rita and many more provided support from the regional and headquarters Emergency Operations Centers. This further demonstrated that an effective agency response is dependent on the skills and expertise of personnel throughout the Agency. EPA must prepare for the very real possibility of multiple simultaneous nationally significant incidents, including chemical, biological, or radiological emergencies and natural disasters. The successful response to incidents of this magnitude and complexity requires the participation of all EPA offices.

The RSC is the mechanism through which all EPA offices prepare to effectively fulfill their roles and maximize EPA's response capabilities within our current resource base. The RSC is a nationally led initiative that is managed by both headquarters and regional offices, as appropriate, with membership open to all EPA employees. RSC members may be required to support operations in the field as well as at the headquarters Emergency Operations Center (EOC) and the Regional Emergency Operations Centers (REOCs). Support can include general administrative duties as well as specialized program skills such as air and water monitoring, radiation, contracts, finance, laboratory, and public affairs.

II. SCOPE OF WORK

1. The Contractor shall submit a proposal to the Contracting Officer Representative (COR) and Task Order Contracting Officer Representative (TOCOR) in accordance with the requirements of this task and the underlying contract after meeting with the COR and TOCOR to further examine the continuing training, and support needs of the Responses Support Corp.
2. The Contractor shall be responsible for oversight of deliverables under this task order and shall be responsible for transmission of reports and invoices as required by the contract.
3. The Contractor shall provide a project manager who has experience in both training and leading a national workgroup. Activation of such technical support shall be upon receipt of written (via e-mail) Technical Direction of the TOCOR in a specific crisis situation or for training/educational activities.
4. All media and training materials developed by the Contractor shall be submitted to the TOCOR in draft format and will be reviewed and approved by the TOCOR. In the case of the monthly training

conference calls, the contractor and the EPA trainer shall meet via telephone to discuss training scenarios prior to each call. Final copies of all training materials shall be submitted to the TOCOR electronically in Word format.

5. The Contractor shall develop evaluation forms to be used to evaluate the content and presentation of the training courses. These evaluation forms shall be submitted to the COR and TOCOR in draft format and will be reviewed and approved by them. The Contractor shall provide a meeting summary end of each training to the TOCOR with a short summary of results as well as any suggested revisions to the course that would enhance its effectiveness.

6. The Contractor shall provide assistance with the development, design, and production of brochures, website development and maintenance, at least 3 national newsletters annually, exhibit materials, and other informational/educational materials for the RSC as needed.

7. Through-out the process, the Contractor shall submit monthly reports to the COR and TOCOR.

III. PERIOD OF PERFORMANCE

The period of performance for the Base Period shall be date of award through **TBD**

The Government has the option to extend the effective period of this task order for **TBD** additional periods. Prior to the expiration of the effective task order period of performance, the Government, without prior written notification, may exercise this option by issuing a contract modification. The period of performance for the Task Order Option Periods are defined below:

Estimated		
	To:	From:
Base Period	2/5/2017	2/4/2018
Option Period I	2/5/2018	2/4/2019
Option Period II	2/5/2019	2/4/2020
Option Period III	2/5/2020	2/4/2021
Option Period IV	2/5/2021	2/4/2022

IV. TASKS

TASK 1: Technical Support

The Contractor shall provide support the RSC through assistance with drafting Standard Operating Procedures (SOPs) and Regional Standard Operating Guidelines (RSOGs and job aids) for the conduct of an emergency activation and other support functions in the EOC/REOC. The revisions shall be prepared and submitted by the Contractor first as draft and, after review by the EPA Work Assignment Managers (WAMs), as final in both Word and pdf files.

- Finalize HQ SOP and RSC Order (including updating Health & Safety requirements)

DELIVERABLES	DUE DATES
Proposal	20 days from being issued
Final Reports	1 week from receipt of comments
SOP and RSC Oder revision	3 weeks from final adjudication

**The specific content and schedule of deliverables shall be identified shall be outlined in the below task deliverables.

TASK 2: Support for RSC Trainings and Exercises

The RSC will host training and exercise events during the year, some of which require contractor support. For planning purposes, the contractor shall plan on supporting exercises with assistance in the development of EOC/REOC support and training events.

- o Create and maintain on-line training (HQ & Regions)
- o Host at least two RSC orientation sessions (HQ)
- o AA-ship EOC/RSC refreshers (HQ)
- o Provide Field Readiness training to RSC coordinators (HQ & Regions)
- o Participate in exercises as evaluator/contractor (HQ)
- o Monthly RSC coordinators conference calls (HQ & Regions)

DELIVERABLES	DUE DATES
All final training products will be due	Final draft due at least two weeks after training event
All training and evaluations reports	Final draft reports at least one week after training event

** The specific content and schedule of deliverables shall be identified shall be outlined in the below task deliverables.

TASK 3: Newsletters and publications Activities

The Contractor shall assist in the compilation of the RSC newsletter and other publications that includes information about EPA performance during responses (including exercises). Newsletters typically include the following information: a general summary of the event; key facts and figures about the size of the event and the amount of EPA resources (people and equipment) used to respond; EPA participation during the response; EPA organizational participants; positive outcomes at both headquarters and the regions; challenges, issues and recommendations for future corrective action.

- o Develop and publish Issue #12 of the RSC newsletter
- o EOC open house/RSC information session (HQ)

DELIVERABLES	DUE DATES
Draft newsletter	Quarterly before publishing
Publications activities for recruiting	Reports due at least two weeks after events

**The specific content and schedule of deliverables shall be identified shall be outlined in the below task deliverables.

TASK 4: Other RSC/EOC Support

The Contractor shall provide, on an incident-by-incident basis, other support and assistance as may be required to meet the needs of the specific emergency activation, pre-deployment, exercises, or developmental need. For instance, during hurricane responses, the contractor may provide support for national staffing of EPA personnel under the Resources Unit. While EPA is able to specify a number of areas of support that may be needed during an activation, the Agency recognizes that each incident is unique and that there may be specialized support needs that are not easily identifiable prior to an activation. If this support is needed, additional direction, including applicable deliverable schedules will be provided with the activation message.

- Update RSC intranet site
- Assist RSC coordinators/members with FR updates/issues/reports (HQ & Regions)
- Data scrub – Archive FR profiles of RSC members no longer interested in participating (HQ & Regions)?

DELIVERABLES	DUE DATES
Maintain website	Report due at least one week after changes or input
Input to FR as requested	Reports due one week after order/changes

**The specific content and schedule of deliverables shall be identified shall be outlined in the below task deliverables.

Phone: 202-564-2855
Fax: 202-564-2621
E-Mail: perry.portia@epa.gov

VI. TERMS AND CONDITIONS

The following additional terms and conditions are requirements of this task order:

VII. TECHNICAL EVALUATION CRITERIA

The following evaluation criteria shall be used to evaluate the contractor's proposal, with technical criteria being more/equal/less important to price.

1. TECHNICAL APPROACH

The contractor will be evaluated on its technical approach to the task order. The technical approach should demonstrate and describe in more detail the technical details of how the project/task will be developed. How will this flow together using the time table for each event as well as each phase of the task.

2. TECHNICAL CAPABILITY

The contractor will be evaluated on its demonstrated understanding and ability to perform the requirement. The contractor should demonstrate a familiarity with the response community and how each region deploys RSC personnel for assistance. The contractor should demonstrate its capability in ICS/NIMS response systems. Within the time table for response contractor should be able to identify needed logistics and personnel to provide assistance.

3. LABOR MIX

The contractor will be evaluated on its proposed labor mix. The labor mix should include professionals with relevant experience/ expertise in ICS/NIMS system to provide the correct professional skill mix for support.

Optional additional evaluation factors include but are not limited to...

INNOVATION/ CREATIVITY

The contractor will be evaluated on its demonstrated ability to provide innovative and/or creative solutions in its technical approach to the requirement.

KEY PERSONNEL

The offeror's proposed Key Personnel will be evaluated on demonstrated experience, education, and qualifications necessary to successfully manage and perform the task order SOW.

SMALL DISADVANTAGED BUSINESS PARTICIPATION

The contractor will be evaluated on its proposed small disadvantaged business subcontracting participation.

PAST PERFORMANCE

The contractor will be evaluated on its demonstrated quality of the offeror's performance of contracts and subcontracts currently in process or completed during the past three (3) years, which are similar in size, scope, and complexity to this requirement. Offerors with no past performance history, whose past performance is not relevant, or for whom past performance data is not available, will be given a neutral rating for this factor and will not be evaluated either favorably or unfavorably on past performance.
